

# **PREMIUM RED PAD**

## **DESCRIZIONE**

**RED PREMIUM PADS** are designed for spray cleaning and routine maintenance of protected and delicate floors.

The use of these pads with water and detergent exerts a good cleaning action, if used dry they generate a slight abrasive action while safeguarding the floors.

The open weave structure of these pads prevents them from clogging and material build-up, making them easy to wash off after use.

The uniform distribution of mineral abrasives over the entire surface of the pads guarantees amazing performance and a long product life.

The premium red pad can be used on any type of dry or wet floor for routine maintenance.

Not suitable for thorough or heavy cleaning.
